SUMMARY

I'm a first-semester Information Systems student at Universitas Pembangunan Nasional Veteran Jakarta with previous experience as a Full-Stack Developer Intern. I enjoy building web applications, learning new technologies, and solving problems through programming. I'm responsible, eager to learn, and work well both independently and in teams. I'm looking forward to gaining more experience and continuously improving my technical and professional skills.

PROFESSIONAL EXPERIENCE

Full-Stack Developer Intern

Rahmah Group International

01/2026 – 05/2026

East Jakarta

- Developed full-stack web applications using React.js, Next.js, and Node.js.
- Designed responsive user interfaces and implemented scalable application features.
- Collaborated with developers and team members using modern development practices.
- Tested, debugged, and optimized applications to improve performance and user experience.
- Delivered project tasks on time while maintaining code quality.
- Selected as a Future Leader for demonstrating initiative, leadership potential, and outstanding performance during the internship.
